

Cureya Task 2: Wordpress 2FA

Shubhi

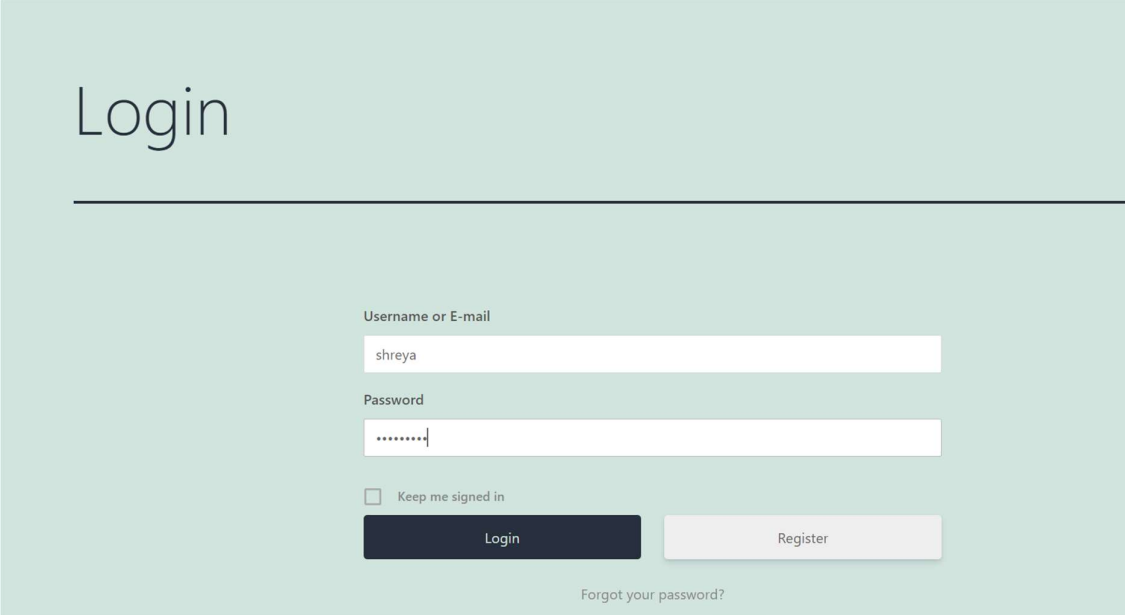

User Account:

Register Page:

A screenshot of a registration form displayed within a web browser window. The browser's address bar shows the URL 'http://localhost/cureya/wordpress/register/'. The form itself is set against a light teal background and includes the following fields: 'First Name', 'Last Name', 'E-mail Address', 'Mobile Number' (with a mobile phone icon), 'Password', and 'Confirm Password'. At the bottom of the form are two buttons: a dark blue 'Register' button and a light gray 'Login' button.

Login Page:

The login page features a light teal background. At the top left, the word "Login" is displayed in a large, dark font, followed by a horizontal line. Below this, the form is centered. It includes a label "Username or E-mail" above a text input field containing "shreya". Below that is a label "Password" above a text input field filled with dots. A checkbox labeled "Keep me signed in" is positioned to the left of two buttons: a dark blue "Login" button and a light grey "Register" button. At the bottom center, there is a link "Forgot your password?".

OTP Verification using sms:

The OTP verification page is shown within a browser window with the address "http://localhost/cureya/wordpress/register/". The page has a dark grey background. A white card in the center contains the title "Validate OTP (One Time Passcode)" and a "Go Back" link. The message states: "A OTP (One Time Passcode) has been sent to +919935129758. Please enter the OTP in the field below to verify your phone." Below the message is a text input field containing "867816". At the bottom of the card are a blue "Validate OTP" button and a "Resend OTP" link.
